

Reducing Energy Consumption— Advice for Homes and Churches.

TUESDAY 17TH MAY

7.30PM-9PM

ON ZOOM

Rising Energy Costs are affecting all of us and we are all looking at ways in which we can reduce our consumption, both to save money and to reduce our Carbon footprint and protect our environment. This online event will help us

This online event will be an opportunity to hear from people working in the field and help us to think about ways in which we can change our behavior and what initiatives might best help us to reduce the amount of energy we use. There will be time for questions and an opportunity to share your own tips and advice .

SPEAKERS:

Stephen McDonald, Principal Officer
Low Carbon Economy Team, Durham County
Council

Minnie Fraser, Property Surveyor
DIOCESE OF HEXHAM & NEWCASTLE
