

The big picnic

Games idea:

Flappy Fish – You will need newspapers. Method: cut out large fish shapes then see if you can get them from one side to the picnic basket on the other simply by flapping the newspapers. This game works best on a smooth flat floor, alternatively make smaller fish and flap across a table or blow using a paper straw.

In the Basket

You will need a basket, large bowl a dry washing up bowl would be ideal

5x Bean bags, or small balls/ pom poms to represent bread rolls and 2x medium balls/ quoits to represent two fish – Choose five bean bags to represent the loaves and two small foam balls to be the fish from a distance – younger children can be closer to the basket see if they can pack the lunch the boy brought .

This task will not be easy, was it easy for the boy to be brave and stand up in front of so many grown-ups?

When you fill the basket how do you feel Happy? I'm sure that is just how the little boy felt as he helped Jesus.
